Free, fun, and online—digital photography resources for educators and students

With the instant learning that digital photography provides, students become more actively engaged in their schoolwork—making a stronger visual connection with the subject matter and having fun as they learn. And with the free information and resources available at the Adobe Digital Kids Club, you'll be able to help your students explore fascinating new worlds.

Digital photo tips, lessons, and activities

It's easy to make digital photography part of your daily classroom activities and curriculum. Take advantage of free online resources from photographers, product experts, and educators.

Learn how to take digital photographs, edit digital images, and complete amazing projects. Come back often to view updated tips, lessons, articles, and activities.

Easy-to-learn digital imaging tools

Learn about powerful, easy-to-use products to help you and your students edit and organize your digital photos—and view free online training.

Learn about a limited-time offer for Adobe® Photoshop® Elements 2.0 and Adobe Photoshop Album together at one special low price.

Staff development workshops available from Classroom Connect

As an official partner of the Adobe Digital Kids Club, Classroom Connect provides the face-to-face staff development and follow-up resources your teachers need to master digital photography and digital imaging skills. At Classroom Connect's Connected Workshops, teachers learn how to effectively "turbo-charge" the learning environment in their classrooms and help raise student achievement.
